This DX Operating Guide provides a single source for DX operating information. It is intended as a supplement to the fine publications available from ARRL. Support your ARRL's efforts.

It is our sincere wish that you can spend many pleasant hours DX'ing in comfort using this book.

73, W4UYZ

COLUMN DESCRIPTIONS FOR PREFIX LISTINGS

<u>COLUMN</u>	<u>DESCRIPTION</u>																								
CALL SIGN	Common call sign prefix used by the indicated country																								
AREA	The continent, ocean or sea location of the country or island. The following abbreviations are used: <table><tr><td>AF</td><td>Africa</td><td>CH</td><td>South China Sea</td><td>NA</td><td>North America</td></tr><tr><td>AS</td><td>Asia</td><td>EU</td><td>Europe</td><td>OC</td><td>Oceania</td></tr><tr><td>ATL</td><td>Atlantic</td><td>IND</td><td>Indian Ocean</td><td>PAC</td><td>Pacific Ocean</td></tr><tr><td>CAR</td><td>Caribbean sea</td><td>MED</td><td>Mediterranean Sea</td><td>SA</td><td>South America</td></tr></table>	AF	Africa	CH	South China Sea	NA	North America	AS	Asia	EU	Europe	OC	Oceania	ATL	Atlantic	IND	Indian Ocean	PAC	Pacific Ocean	CAR	Caribbean sea	MED	Mediterranean Sea	SA	South America
AF	Africa	CH	South China Sea	NA	North America																				
AS	Asia	EU	Europe	OC	Oceania																				
ATL	Atlantic	IND	Indian Ocean	PAC	Pacific Ocean																				
CAR	Caribbean sea	MED	Mediterranean Sea	SA	South America																				
ZONES	CQ - World divisions, also known as DX zones, are used by CQ magazine for their DX awards. ITU - International Telecommunications Union world divisions, used by ARRL and others for QST magazine DX awards.																								
IRC	Number of International Reply Coupons, purchased at Post Offices, that are required to prepay air mail return postage for the DX QSL card. IRC's can be converted to cash. Caution.																								
DXCC	Asterisks indicate countries and islands accepted by ARRL for use in obtaining DX awards.																								
UTC DIF	Universal Time Coordinated (UTC), often called Greenwich Mean Time (GMT), is the hourly difference between UTC and the DX location's local time.																								
MAP GRID	The alphabetical letters denote the DX station's coordinates on the included Blue Book World Grid Locator Map. The first letter is the vertical column. The second letter is for the horizontal column.																								
HAMS	Number of licensed amateurs in that country or island.																								
3RD PTY	"Y" indicates Countries with which we have current third party (message and phone patch) traffic agreements. Political attitudes change. Consult FCC or ARRL first.																								
REC OP	"Y" indicates countries with which we have current reciprocal operating agreements allowing your amateur operation in their country. Political attitudes change. Consult FCC or ARRL.																								
(-)	Indicates information unknown at time of printing.

() Designates Lowest Amateur class license permitted on frequency.

SENDING & RECEIVING QSL CARDS

QSL'ING DX STATION'S VIA ARRL

The ARRL operates a membership overseas outgoing QSL service to DX countries. Cards are distributed monthly for \$2 per pound (155) cards, or up to 10 cards for \$1. For info write ARRL or SASE to us.

SENDING QSL'S DIRECT TO DX STATIONS

Verify the correct (QTH) address information from the Call Book. During the QSO ask if they prefer IRC's or their country's return postage stamps.

IRC's presently cost 95 cents at U.S. Post Offices, and can be surrendered for cash or return postage. It has been noted that some DX stations require several IRC's for postage on the return QSL. If you wish to subsidize that stations operation, then do so. Foreign mail is often pilfered, do not place call letters on envelopes.

Providing return postage stamps of the DX country may encourage the QSL reply. Several sources provide Foreign postage stamps and price lists. One such source is William J. Plum, 12 Glenn Road, Flemington, NJ 80822. Others may be found in CQ, QST magazines ads.

SENDING CARDS TO DX VIA QSL MANAGERS

QSL managers are Ham operators volunteering their time to assist with forwarding QSL responses from the rare DX stations. Mail your completed QSL card along with a self addressed envelope (SASE) to the U.S. manager. Include IRC's or foreign stamps for return postage when using foreign QSL managers.

RECEIVING DX QSL CARDS VIA ARRL INCOMING BUREAU

This method is slower, and requires the use of your call Sign's bureau which is available in the DX callbook, ARRL, or from us.

Provide your incoming DX QSL bureau with several self-addressed 5 x 7 1/2 end-clasp type envelopes bearing (1) stamp (3 cards). Place your call and your ARRL incoming DX QSL bureau address in the upper left corner. The affixed postage determines the number of cards sent in each envelope. Staple a few extra stamps if your a big DX gun.

There isn't a charge for this service, which is performed by unpaid Radio Amateur volunteers. Please be patient. Some DX QSL cards may take many months to be processed. The Incoming QSL service is also available to non-members of the ARRL.

COMMONLY USED Q SIGNALS

QRG?	Will you provide my exact frequency ?	
QRK?	What is the readability of my signal	REPLY: 1 Unreadable
	2 copy at times 3 Readable/difficult	4 Readable 5 Good copy
QRM?	Are you being interfered with ?	
QRN?	Are you troubled with static ?	
QRO?	Shall I increase power ?	
QRP?	Shall I decrease power ?	
QRQ?	Shall I send faster ?	
QRS?	Shall I send slower ?	
QRT?	Shall I stop transmitting ?	
QRU?	Do you have any traffic for me ?	
QRX?	When will you call me again ? (Used to request a standby)	
QRZ?	Who is calling me ?	
QSA?	What is the strength of my signal ?	REPLY: 1 Barely heard
	2 Weak 3 Fairly good 4 Good 5 Very Good	
QSB?	Are my signals fading?	
QSL?	Can you acknowledge receipt ?	
QSO?	Can you communicate with.... ?	
QSV?	Shall I send a series of V's ?	
QSW?	Will you send on this frequency or on ...mhz	
QSY?	Shall I transmit on another frequency ?	
QTH?	What is your location ? (City, Town, State)	

Reply affirmatively using the Q signal without a question mark, and include any requested information.

WORLD MAP

Using Map Grid Locators

Each call Prefix is designated by a 2 letter Grid Locator. The 1st letter designates the map's Vertical Grid divisions at the top.

The 2nd letter designates the map's Horizontal Grid divisions placed at the sides.

Intersection of the Vertical & Horizontal Grid letters locate the desired radio Prefix.

NO. POLAR MAP

PACIFIC ISLAND'S EXCLUSIVE ECONOMIC ZONES (EEZ)

Many islands have claimed the 200 mile boundary. Such boundaries do not necessarily have legal standing. We have shown the claimant nation's Amateur Radio prefix upon the claimed islands only for illustrative purposes.

CENTRAL PACIFIC

ENTITY	ABREV.	CALL	CAPITAL	POLITICAL STATUS
American Samoa	(ASAM)	KH8	Pago Pago, Tutuila I.	U.S. unincorporated territory
Cook Islands	(COOK)	ZK1	Avararua, Rarotonga I.	Self-governed, N.Z. association
Federated States Micronesia	(MICR)	V6	Kolonia, Pohnpei I.	Self-governed, U.S. association
Fiji Islands	(FIJI)	3D2	Suya, Viti Levu I.	Independent State
French Polynesia	(POLY)	FO	Papeete, Tahiti I.	French Territory
Guam Island	(GUAM)	KH2	Agana	U.S. unincorporated territory
Hawaii Islands	(HAWI)	KH6	Honolulu, Oahu I.	U.S. State
Kiribati Islands	(KIRI)	T3	Bairiki, Tarawa I.	Independent Republic
Nauru Island	(NAUR)	C2	Yaren	Independent Republic
New Caledonia Islands	(CALE)	FK	Noumea, New Caledonia	French Territory
Niue Island	(NIUE)	ZK2	Alofi Island	Self governed N.Z. association
North Mariana Islands	(MARI)	KH0	Saipan Island	U.S. Commonwealth
Papua New Guinea	(GUIN)	P29	Port Moresby	Independent State
Pitcairn Islands	(PITC)	VR6	Adamstown, Pitcairn I	British Colony
Republic of Belau	(BELA)	KC6	Koror Island	U.N. Trust Territory
Republic of Marshall Is.	(MARS)	V7	Majuro Island	Independent State
Solomon Islands	(SOLO)	H4	Guadalcanal Island	Independent State
Tokelau Islands	(TOKE)	ZK3	Admin. from W. Samoa	New Zealand Territory
Tonga Islands	(TONG)	A3	Tongatapu Island	Independent Kingdom

LOCATING ISLANDS

The two letter indicator shown for each listed Island name, denotes the Grid Map coordinates containing the Island.

The 1st letter is the Map vertical coordinate, the 2nd is the horizontal coordinate.

The intersecting point provides the Grid box that contains the desired Island.

USING MAP GRIDS

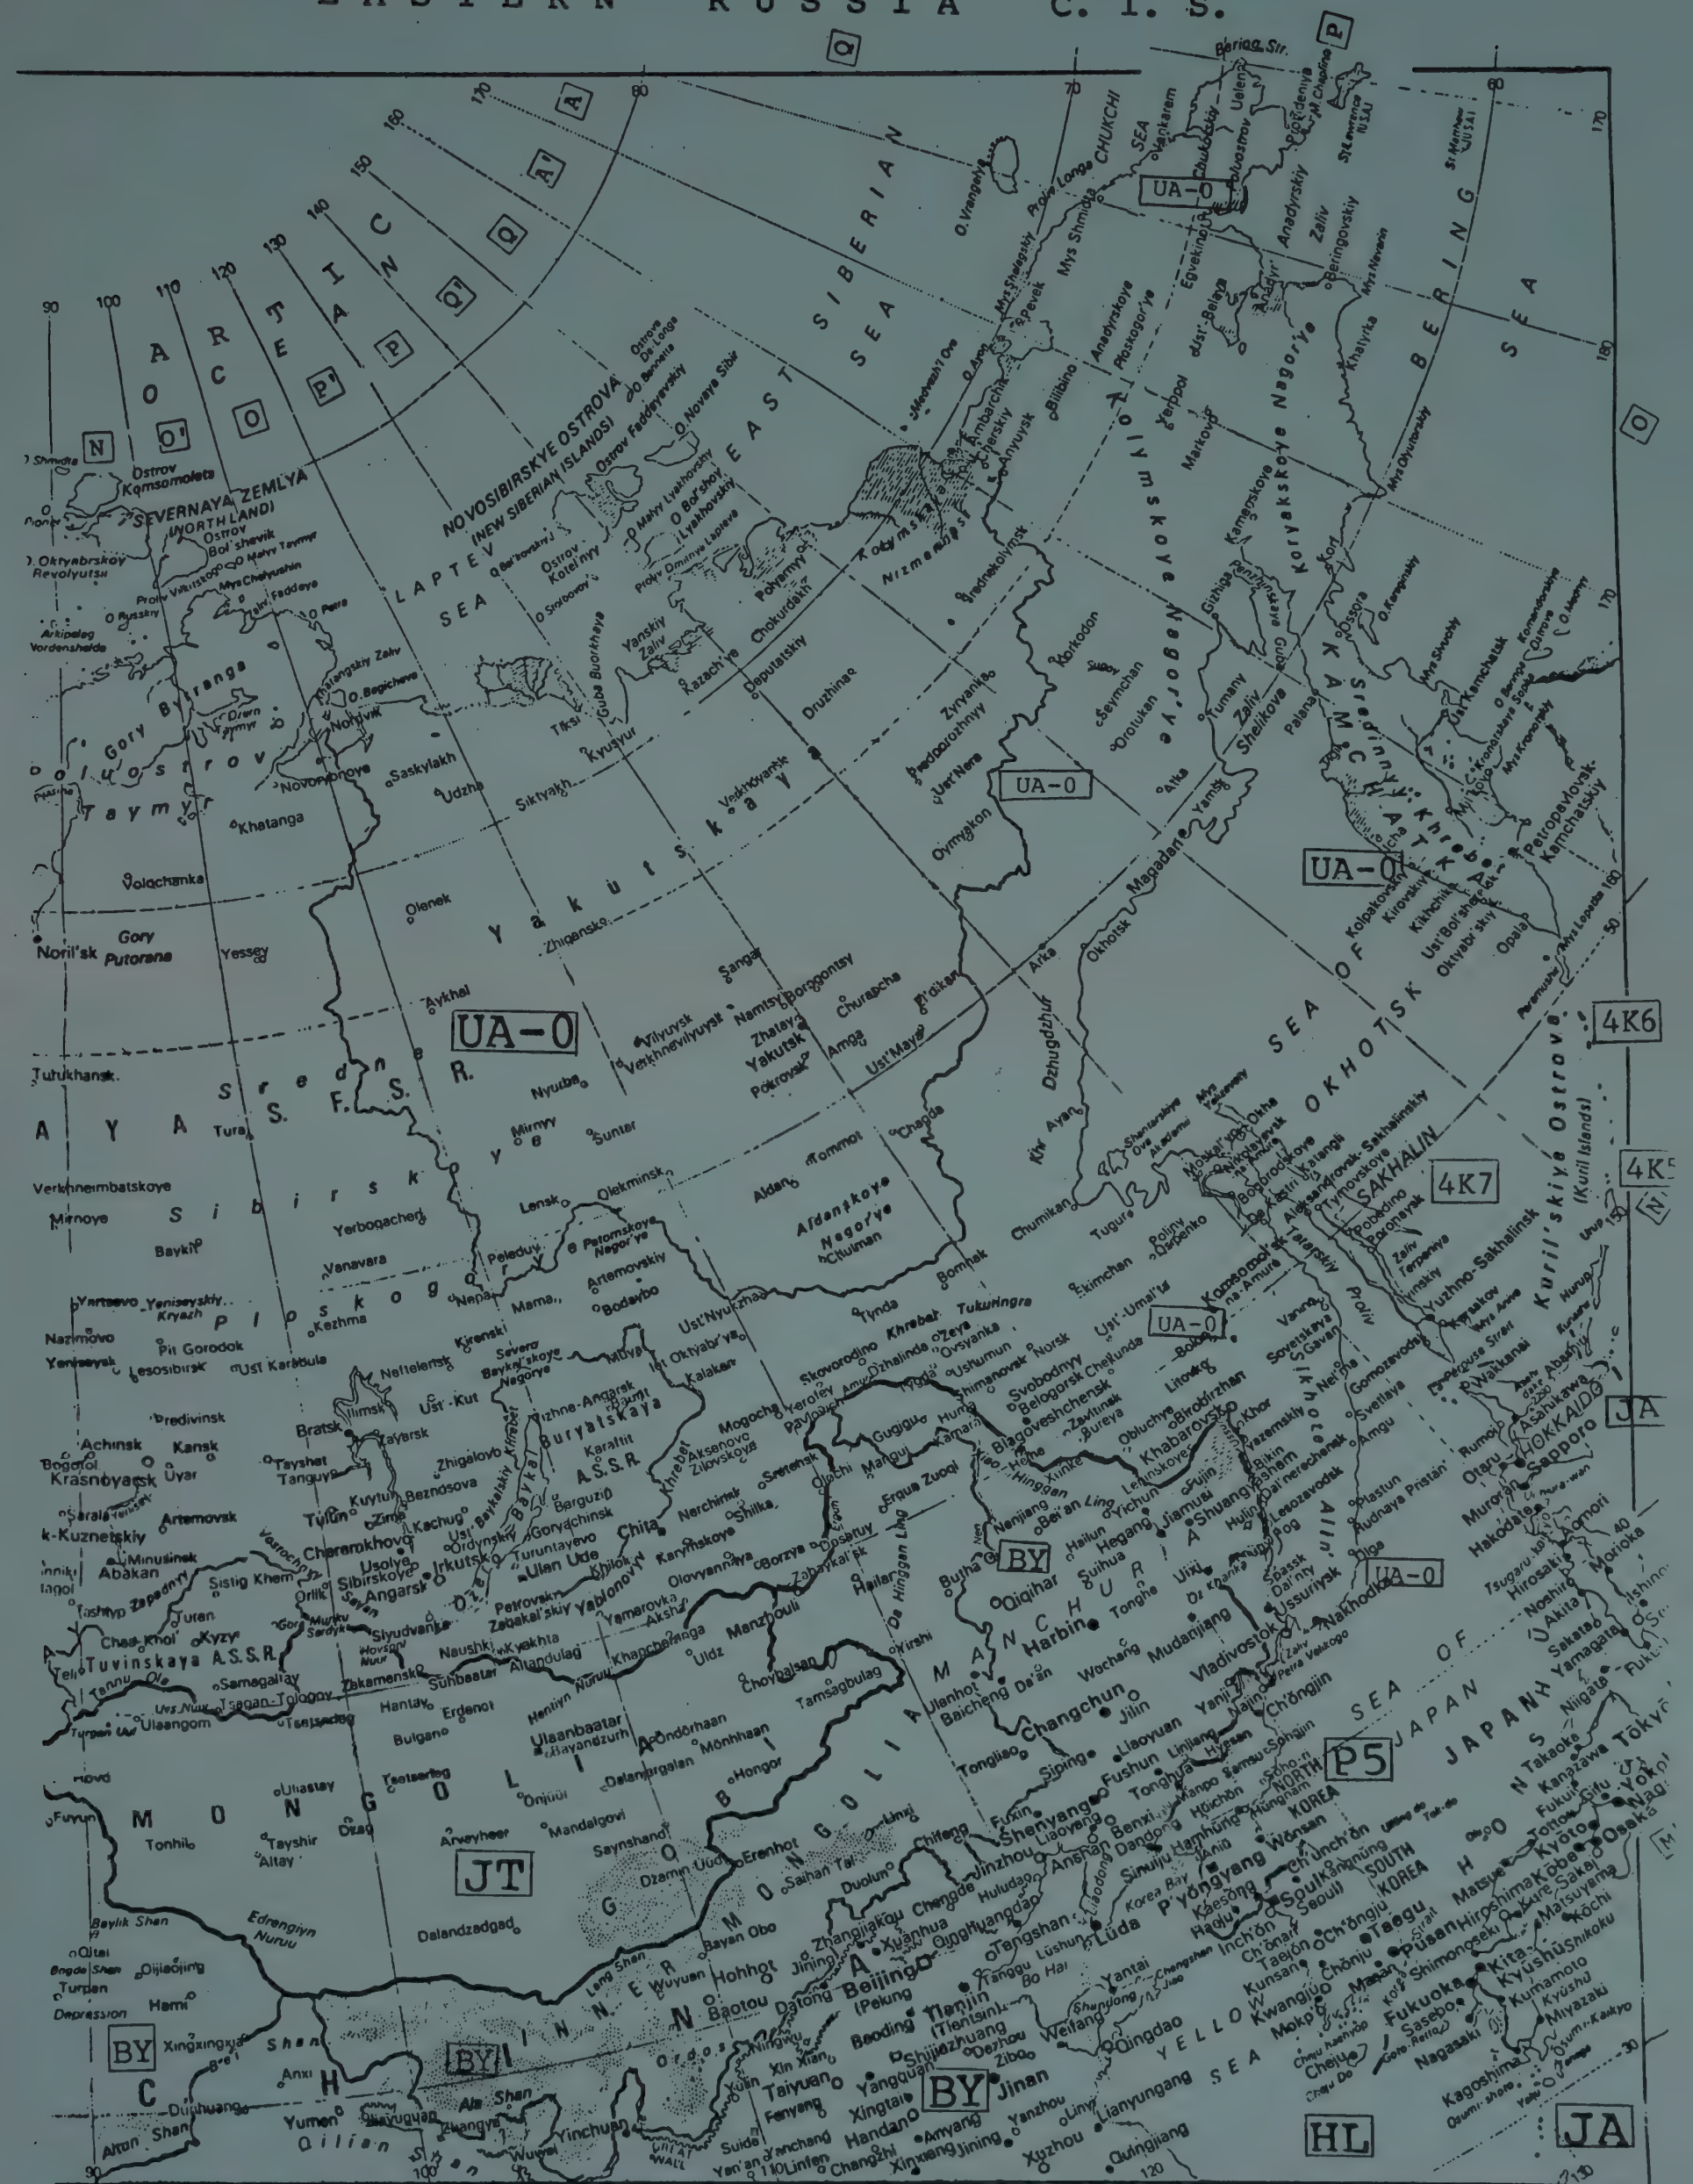

The 1st designation locates the Map's Vertical coordinate. The 2nd locates the Map's Horizontal coordinate. Grid intersection reveals the desired location.

Using Map Grids

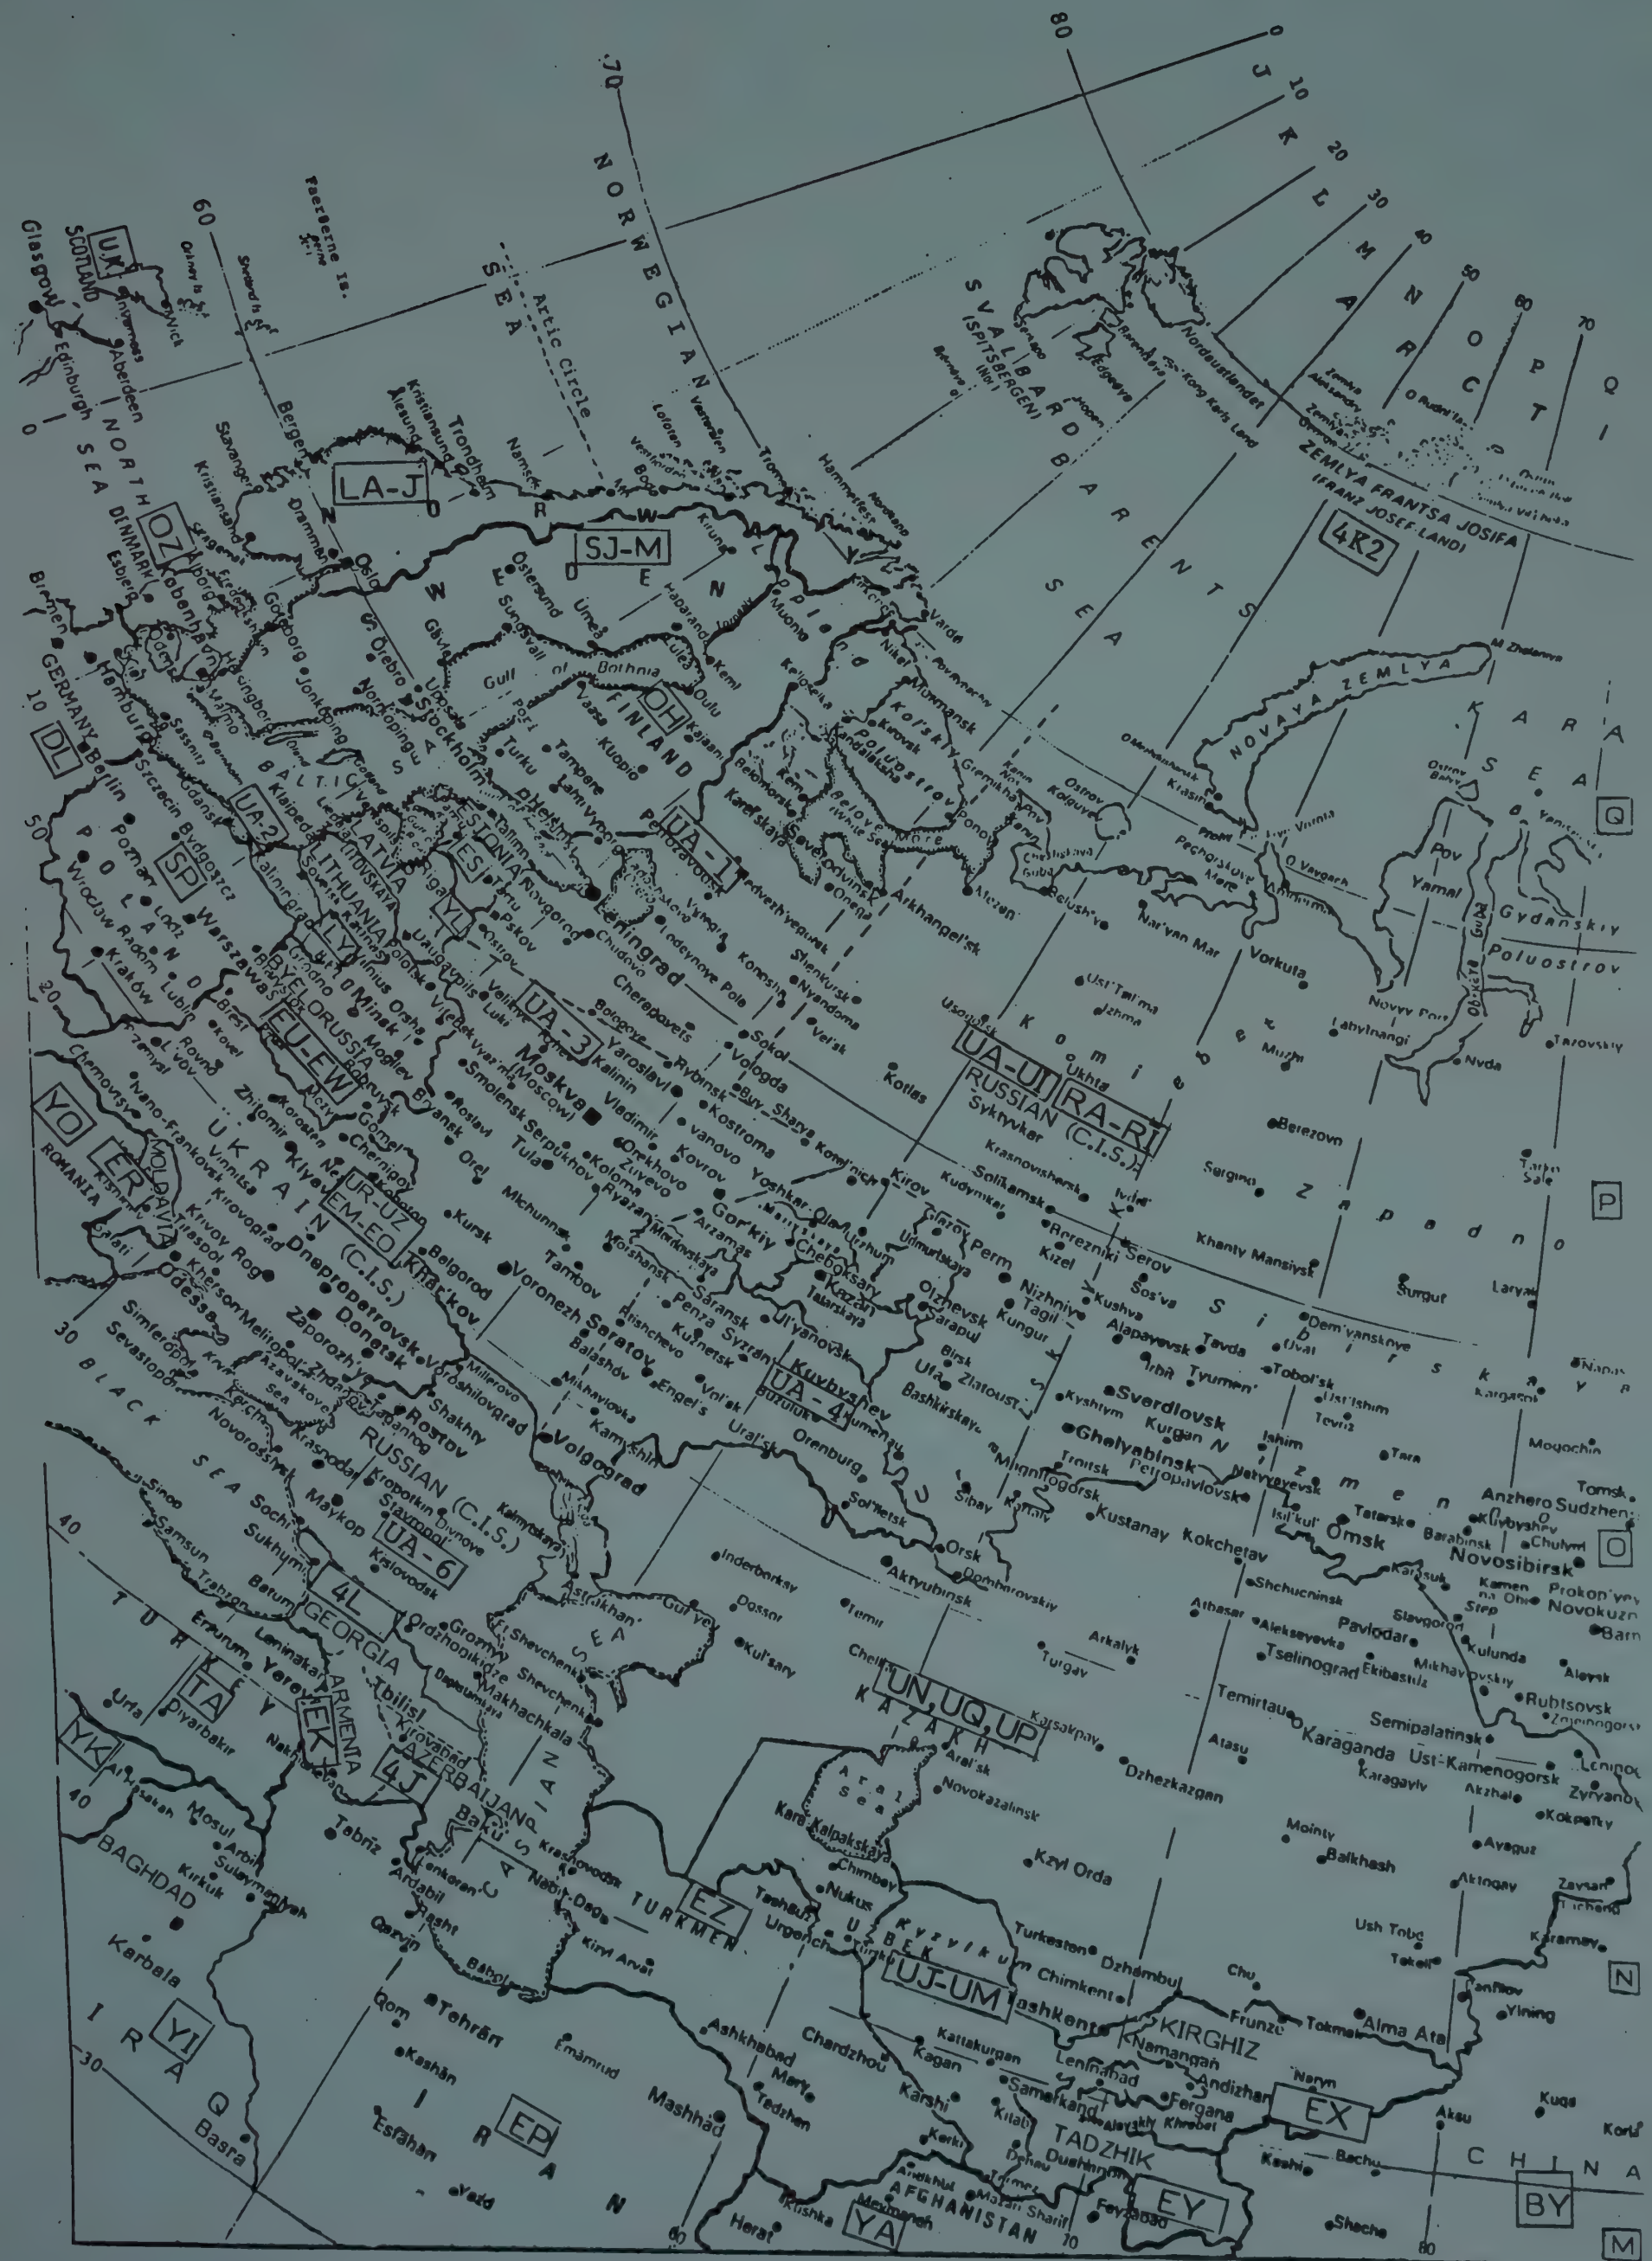

A two letter map grid locator is provided for each named place.

The 1st letter is for the vertical columns at the top of the map. The 2nd letter is for the horizontal columns and are found outside the map's border.

The desired location is found within the box formed by intersection of these grid locators.

COMMONWEALTH OF INDEPENDENT STATES

Prefix Map

Using Map Grids

The two letters opposite each listed location designate the Horizontal and Vertical coordinates.

The Vertical Grid boxes are listed at the north pole. Horizontal Grid boxes are designated along the right hand edge of the map.

Use the first grid coordinate letter for the Vertical position, and the second grid letter for the Horizontal position.

The location sought is contained within the resulting grid box.

U.S.S.R. OBLAST'S

The Central Radio Club at Box 88 Moscow, issues a R-100-0 award for confirmed contacts from 100 different Oblasts. The RSGB award manual "Amateur Radio Awards", details this and other Amateur awards.

Numerical designations have been given to U.S.S.R. Amateur Radio regional divisions. They are called Oblasts, and assist with locating U.S.S.R. stations whose calls were issued after 1971.

Call Letters Identify Oblasts

Non-Russian SPSR Republics

use the letter before the number and the 1st letter after the number. Example: UF6FG becomes UF-F which is soviet Georgia, Oblast 12.

Russian SPSR Republics

These Amateurs use UA, RA, UV, RV, UW, RW, UZ, and RZ prefixes. Use the number and the 1st letter after the number to obtain the Oblast. Example: UA3AH becomes UA3A, which is Moscow, Oblast 170

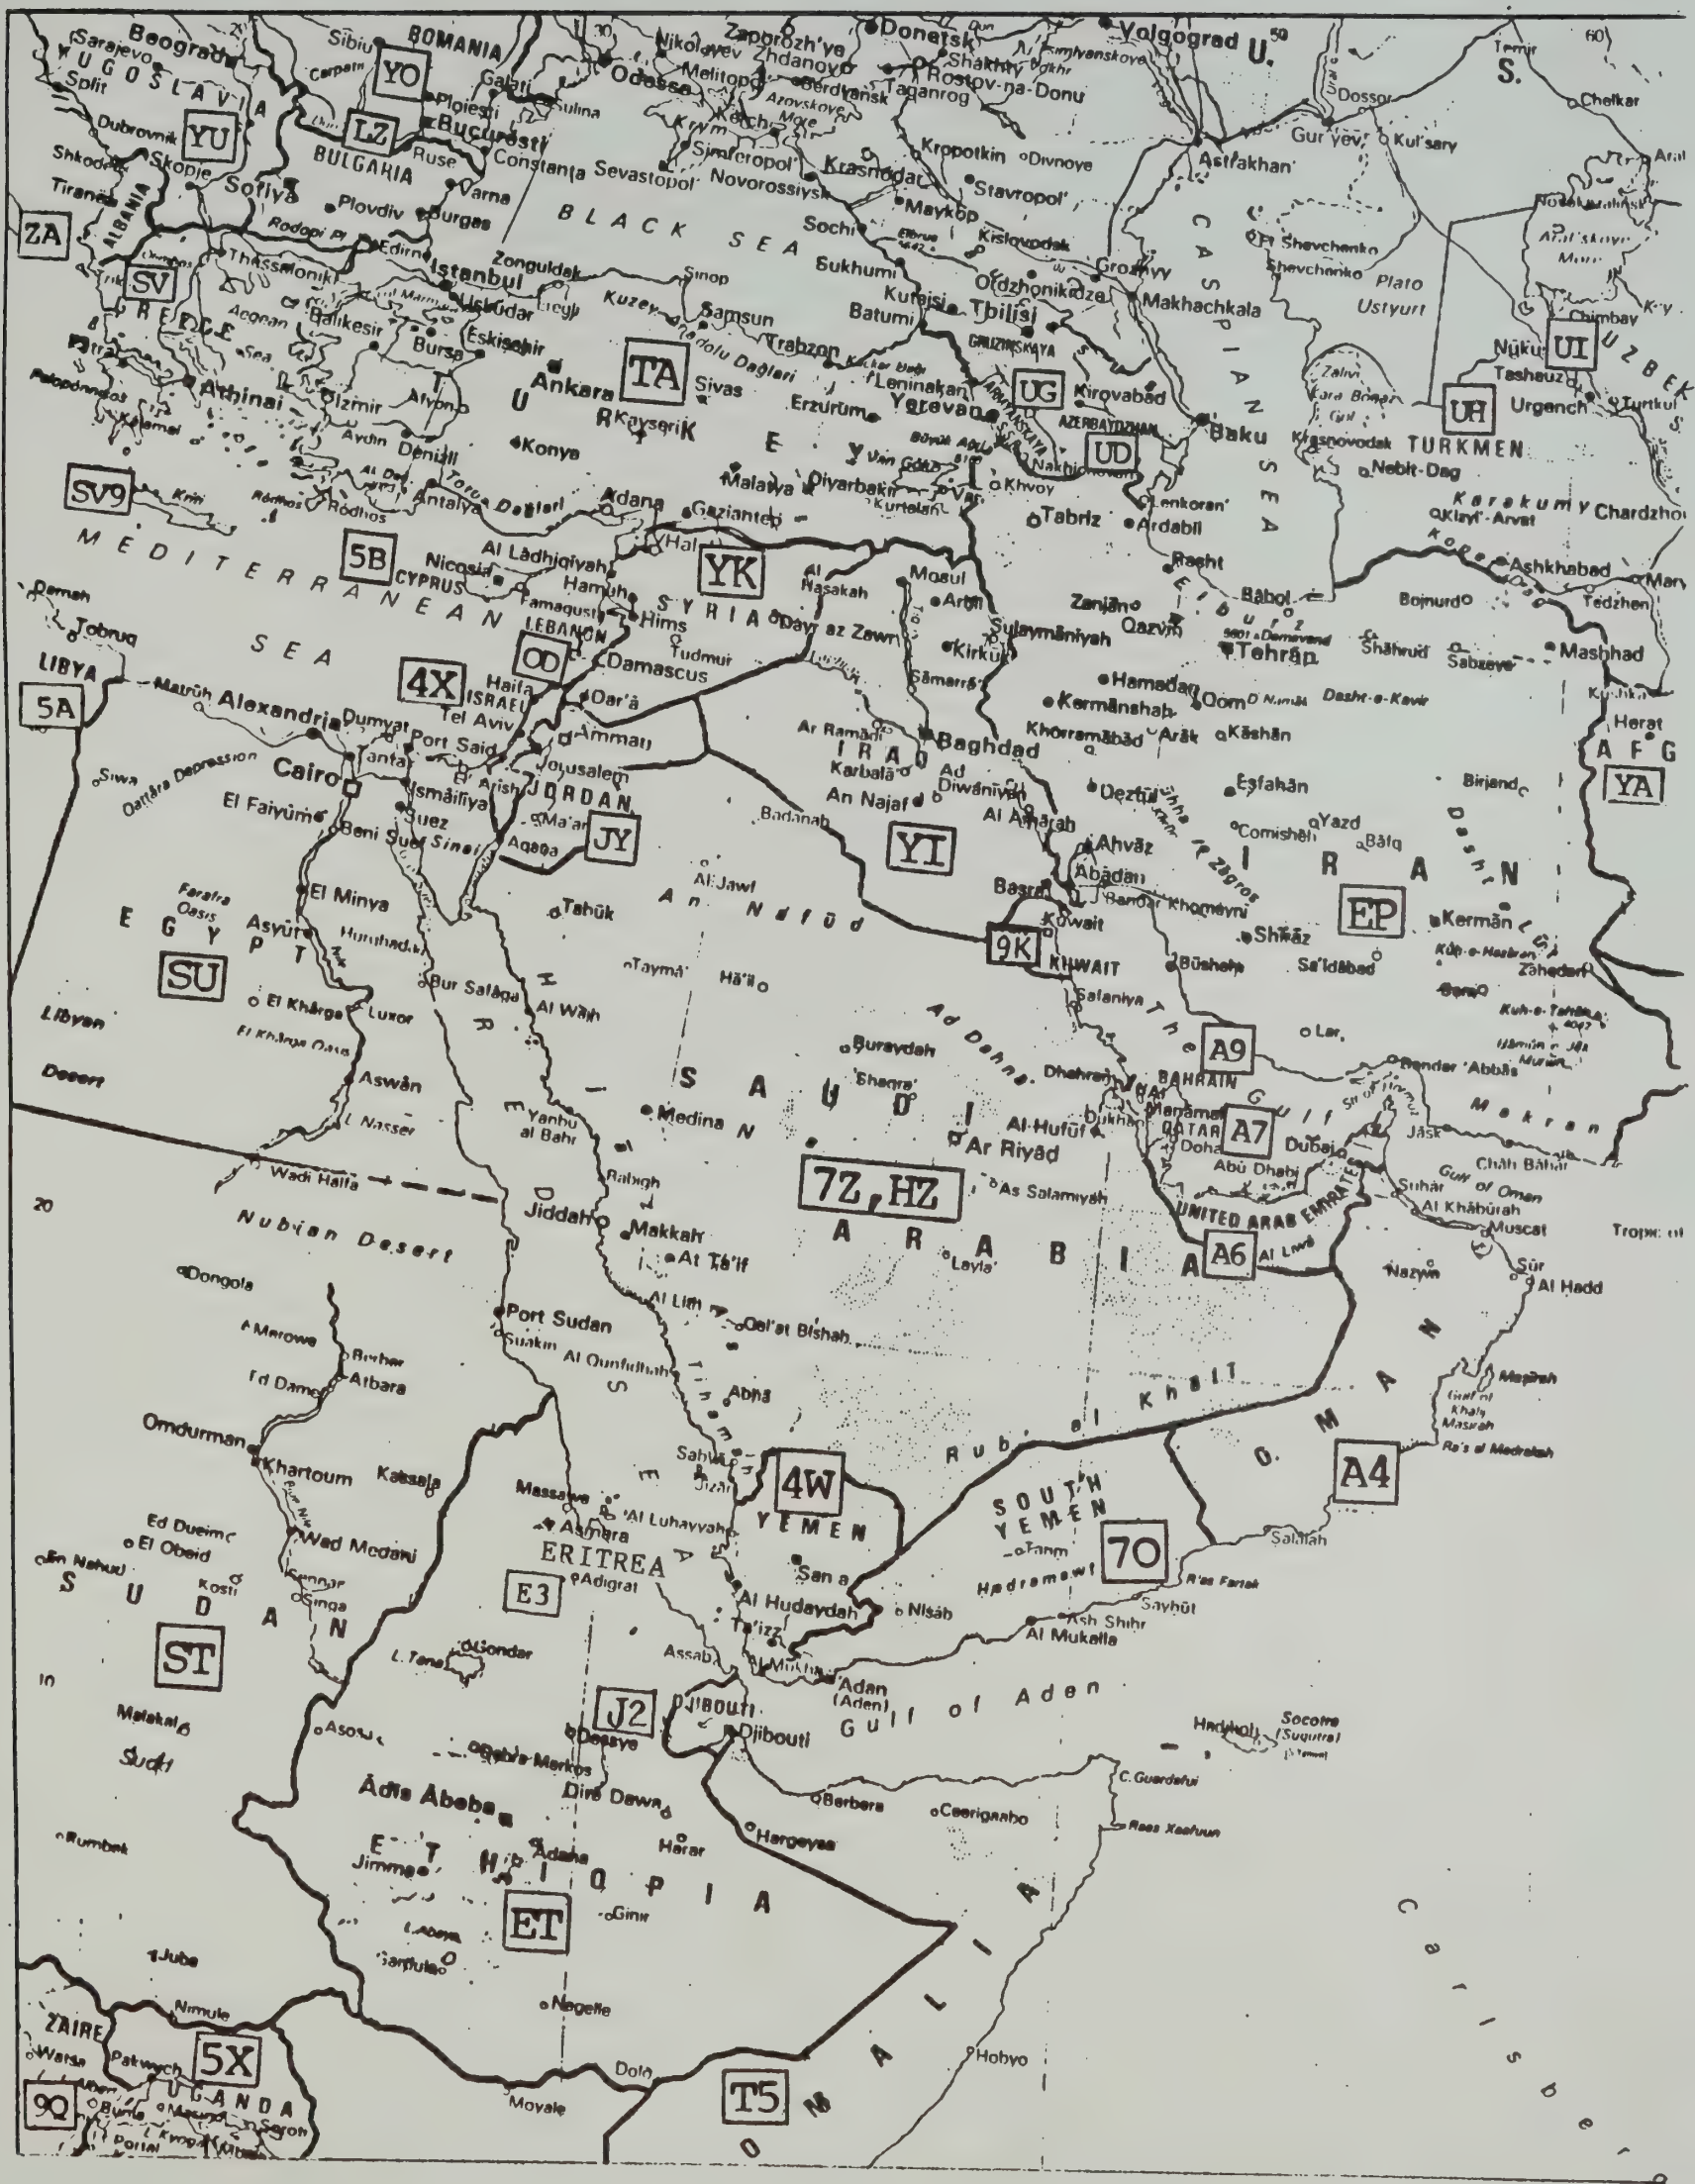

U.S.S.R. Club Calls use the letters W, X, Y, or Z as the 2nd letter following the number. Example: UA3AW, UA3BX

TENTH	(diSYATY)	ДЕСЯТЫЙ

USING RUSSIAN FOR QSO's

In a effort to simplify Russian word pronunciation, slight exaggerations have been made to allow one a feel for this difficult language.

Capitalized letters are used to indicate emphasized pronunciation of word parts. Dashes are used to indicate the word's syllables, which are to be spoken together.

CQ (for all on) METERS
